2. Study the Statement of Accounting Policies for a business owned by Tevita Finau and answer the questions that follow:

Statement of Accounting Policies

These Financial Statement policies are prepared for Tevita Finau's business, a sole proprietor owner offering a range of floor cleaning services. The Financial Statements have been prepared on the measurement basis of historical cost.

Specific Accounting Policies

Accounting Receivable

Accounting Receivables are stated at their estimated net realisable value allowing for debts where collection is doubtful.

Fixed Assets

Fixed assets are recorded at total cost ie all costs incurred to make them available for use are included.

Depreciation

Depreciation is calculated on a straight line basis to allocate the cost of fixed assets, less any residual value over their estimated economic life as follows:

Plant & Equipment - 5 years Van - 6 years

Change in Accounting Policy:

There have been no change in Accounting Policies during the period concerned.
